Head Injuries and Sport Seminar

Leading speakers from across the country came together in Exeter in May to deliver an informative seminar about head injuries and sport.

The session, which was sponsored by Simpleware, educated delegates on the latest research and changing legislation surrounding this much talked about area.

Headway Devon's Learning and Development Manager, Paul Bird, commented, "Headway are passionate about reducing the numbers of people sustaining head injuries and we are very grateful to the knowledgeable speakers for helping us to promote this important topic and ensure that people are able to take part in sports safely."
